DataTraveler R3.0 G2

USB 3.0 performance, rugged protection — this drive has it all.

Kingston's DataTraveler® R3.0 G2 USB Flash drive delivers USB 3.0 high-speed performance with speeds of 120MB/s read and 45MB/s write (16GB has speeds of 120MB/s read and 25MB/s write) to save time when transferring files. It's 8 times faster than a standard 2.0 drive and saves an estimated 20 minutes when transferring a 1080p full HD video[1]. Its impressive speeds alleviate transfer bottleneck when storing or viewing HD video, music libraries, digital artwork, presentations and other large files.
